

## DRIVER'S PERMIT INFORMATION

State law requires that students obtain a document from the school showing attendance and reading skill levels **BEFORE** they can take the written tests to obtain a driver's permit. To receive this document, students or parents must come to the main office or call 405-533-6420, requesting the document. Please give full legal name, as it is on the student's birth certificate, and their birth date, **and wait 24 hours for it to be prepared.** Please request it no more than 2 weeks prior to taking the test so that the information is current.
